

PAYCHECK PROTECTION PROGRAM

IC-22047

Theophile Sadio Nanzo

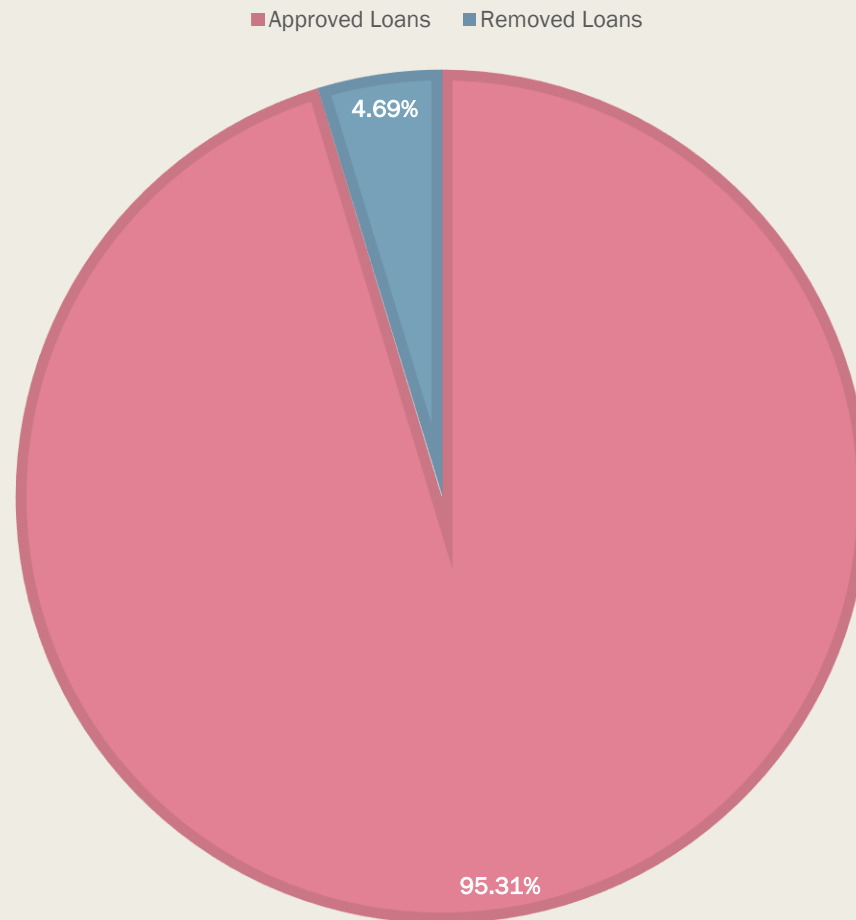

- 
- The spread of the Covid-19 virus pushed governments worldwide to take difficult measures to protect their citizens
 - On March 2020, 42 states in the US including Georgia issued a stay-at-home order
 - The Paycheck Protection Program is launched on April 3, 2020, to save jobs
 - The main target of the program are small businesses
- 

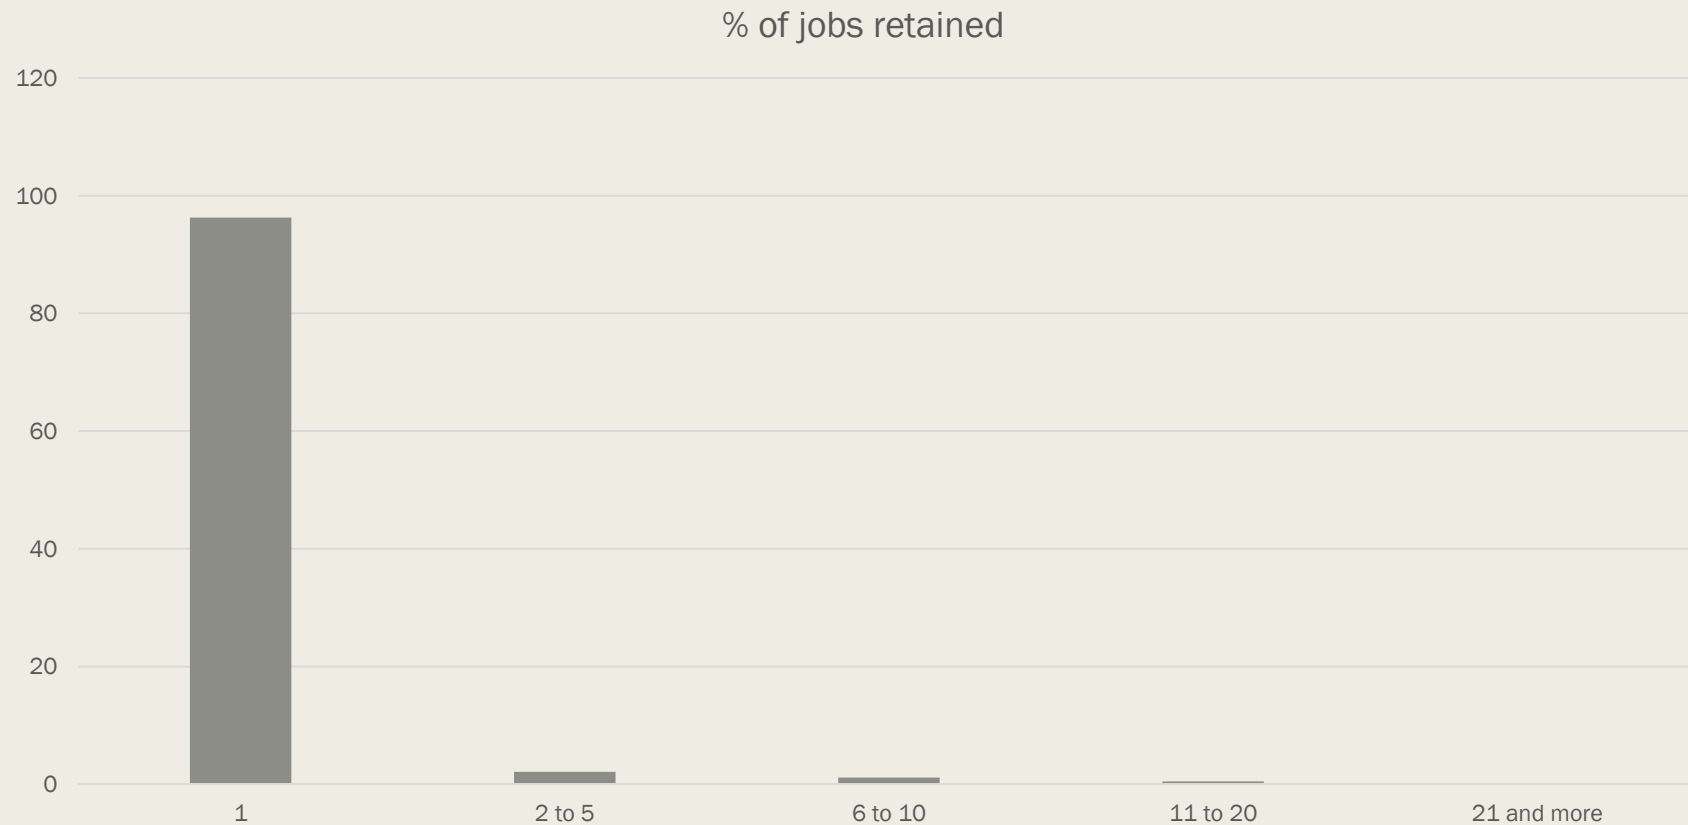

Georgia application

- 95.31% approved
- 4.69% removed
- In total 25800 applications removed
